LantheusLink™

Actor portrayal

As the care you need evolves, we can help move that care forward.

Support from Lantheus Link is personalized and informed by seven decades of experience, so you can feel confident in where to turn when you need help connecting the dots.

Support is many things, so we are, too.

Coverage & Insurance

One-on-one guidance for understanding your plan and working through any possible coverage hurdles.

Affordability

Personalized assistance with financial aid options that may help cover out-of-pocket costs for your scan.

Education & Resources

Educational tools and resources that can help lend understanding for what's next.

Logistics Support

Guidance for appointment scheduling, confirmation of in-network imaging sites and support finding transportation options.*

*Subject to eligibility and coverage

One source of support.

When enrolled, you're connected to a personal Care Coordinator who will be your ongoing contact for tailored support. They will be your source for:

- Details about Lantheus Link
- Answers about your insurance coverage
- Financial assistance options
- Help confirming an in-network imaging site
- Guidance on scan scheduling and rescheduling
- Scan appointment reminders
- What to expect at your scan
- Transportation support for those who are eligible or have coverage

Here to help connect the dots.

Assistance and experience that you can take advantage of, from coverage support to appointment reminders.

1

Verifying Coverage

We'll work with your physician to verify your insurance coverage and handle any prior authorizations, denials and appeals.

2

Scan Facility Confirmation

We can confirm if an imaging site is in-network with your insurance provider.

3

Scheduling & Onboarding

We'll call you to discuss benefits, guide you through appointment scheduling and plan transportation logistics.*

4

Reminders & Follow-ups

Leading up to your scan, we'll send reminders and assist with rescheduling as needed.

Keep an eye out for our call.
