

## HEALTHCARE PROVIDER PORTAL

# Centralize your patient support.

Referring physicians and imaging sites can use the Healthcare Provider Portal to support patients and keep up with their progress.

- Upload completed enrollment forms
- Submit supporting documents
- Follow a patient's care journey, whether a diagnostic scan or ongoing treatment
- Get notifications on next steps and additional requirements
- Send and receive messages with the Lantheus Link team
- Access RxApprove for support with letters of medical necessity or letters of appeal

## Stay on top of patient progress.

Sign up and log in to the portal at  
[lantheus-hcp.pharmacord.com](https://lantheus-hcp.pharmacord.com)

## RXAPPROVE

# Move patient access forward.

Referring physicians and imaging sites can use RxApprove to complete appeals and letters of medical necessity to help get insurance approval for patients.

### Custom

Generate personalized template letters of medical necessity and letters of appeal.

### Credible

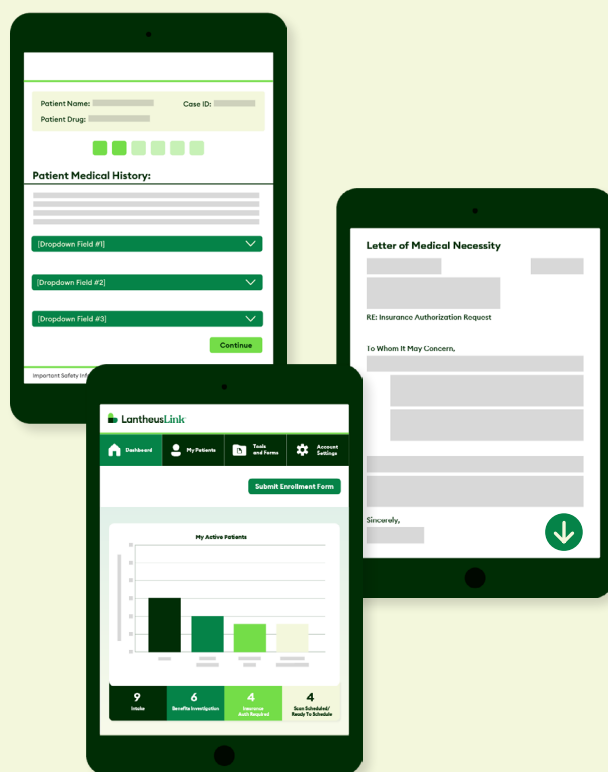

Reference and cite clinical research and peer-reviewed articles from relevant sources.

### Exportable

Automatically save your progress and export final letters as downloadable PDFs.

## Connecting the dots of the approval process.

- 1 Access RxApprove through our Healthcare Provider Portal or via an email from Lantheus Link.
- 2 Log in using your patient's case ID and date of birth.
- 3 Follow on-screen prompts to complete a letter of medical necessity or letter of appeal.
- 4 Make any needed changes to your generated letter and download as a PDF when complete.  
*Be sure to include all documentation required by the patient's insurance when submitting.*

## Advance patient access.
